ERIC J. TAUBERT "signs | sanibel island, florida"

"The Key To Creativity" is on display from now through June 29 in main gallery at The Sidney & Berne Davis Art Center, at 2301 First St., Fort Myers. One piece in the juried exhibition is by artist Eric J. Taubert. Titled "signs | sanibel island, florida," it is an aluminum archival dye sublimation (matte) print of a fine art photography collage. It offers a glimpse at facets of Sanibel Island imagery that were lost to Hurricane Ian in September. For more information about the exhibit, visit sbdac.com.
